Company location	2062-1 Hotchi, Karuizawa-machi, Kitasaku-gun, Nagano	
message	We are a strawberry producer who grows sweet and melty "Karuizawa Plateau Strawberries" in Karuizawa Town, Nagano Prefecture, which overlooks the magnificent Mt. Asama. Karuizawa is located in a highland area at an altitude of 1,000 m, so we can make rich strawberries with a temperature difference between day and night. By manually picking the buds (thinning out), the yield will decrease, but we can keep strawberries with a stronger and sweeter taste. From December to June, you can enjoy winter and spring strawberries, and from July to November, you can enjoy summer and autumn strawberries, we provide strawberry all year round.
